October 27, 1926.

R. E. W. interviewed Patrolman, Asher Van Doren, of the New Brunswick police force on October 27, 1926.

Van Doren is the officer referred to in Sipel's statement. Van Doren stated that he stopped Sipel on the night of September 14, 1922, on George Street, for driving without a light. He made no note of it. He fixed the date as follows: On Sept. 16, 1922 at about 3 P. M., Raymond Schneider, who lived immediately in back of him, told me of the murders. When the Sipel matter became public, he recalled that on the night he stopped Sipel was the second night before he heard of the murders from Schneider.
